

## Client Communication:

### Changes in Orderable Unit Codes – Protein/Creatinine Ratio, 24 HR Urine

Date Issued: May 16, 2019

Effective Date: May 16, 2019

As we transition our testing to our ProMedica partner laboratory, Pathology Laboratories, Inc. (PathLabs) will be making updates and modifications to our database, as more fully described in this disclosure. All established and corresponding reference ranges for any testing performed by the ProMedica Laboratories will be noted on the patient reports. As previously communicated, we will also adopt their critical value ranges as approved by our joint Medical Director.

Changes are effective immediately and the new orderable code is available; however, conversion to the new code should take place no later than May 31, 2019. In the transition period through May 31<sup>st</sup>, both codes are available for use.
